Beautiful girl wherever you are  
I knew when I saw you you had opened the door  
I knew that I've loved again after a long long while I've loved again

You said hello and I turned to go  
But something in your eyes left my heart beating so  
I just knew that I've loved again after a long long while I've loved again

**Reff:**

It was destiny's game  
For when love finally came on  
I rushed in line only to find  
That you were gone

Wherever you are I fear that I might  
Have lost you forever like a song in the night  
Now that I've loved again after a long long while I've loved again

**back to Reff:**

Beautiful girl I'll search on for you  
Til all of your loveliness in my arms come true  
You've made me love again after a long long while in love again  
And I'm glad that it's you hoo hoo hoo hoo hoo hoo hoo hoo beautiful girl
