

I Can't Stop Loving You

Don Gibson

Em Dm Cm F G C F C

Reff:

C7 F
I can't stop loving you
C
So I've made up my mind
G7
To live in memory
C C7
Of old lonesome times

F
I can't stop wanting you
C
It's useless to say
G7
So I'll just live my life
C F C
In dreams of yesterday

C C7
Those happy hours
F
That we once knew
C
Though long ago
D7 G7
Still make me blue

C C7
They say that time
F
Heals a broken heart
C
But time has stood still
G7 C F C
Since we've been apart
