

Run To You

Roxette

B A G
Baby, sometimes I feel like dying
G A B
Driving while I'm closing my eyes
B A G
Moving in and out of hiding
G A B
Trying to catch some truth in my life
E D C
watching your stars and your moonlight
E D C
come tumbling down from the sky

Take it now.

Chorus

G C
I'm gonna run to you
E D
I'm gonna come to you
G C
I wanna find you
G D
In everything that I do
G C
I'm gonna run to you
E D
I'm gonna count on you
G C
I'm gonna follow
G D B
Baby what else can I do?

B A G
Sunday morning my town is sleeping,
G A B
lying all alone in my bed.
B A G
There's not a sound, I can't help but listening,
G A B
wishing I was somewhere else instead
E D C
but sometimes they're too hard to handle,
E D C
those voices inside my head
