

Somebodys Crying

Chris Isaak

C Am F C
I know somebody and they cry for you
C Am F C
They lie awake at night and dream of you
C Am F C
I bet you never even know they do, but
C Am F C
Somebody's crying

C Am F C
I know somebody and they call your name
C Am F C
A million times and still you never came
C Am F C
They go on loving you just the same, I know that
C Am F C
Somebody's trying

Chorus

C Am F C
So please
C F C F
Return the love you took from me
C Am F C
Oh please
C F C F
Let me know if it can't be me
C Am
I know when somebody's lying
C Am
I know when somebody's lying

C Am F C
I know that somebody's lying
C Am F C
I know that somebody's lying
C Am F C
Give me sign to let me know we're through
C Am F C
If you don't love me like I love you
C Am F C
But if you cry like the way I do, I know that
C Am F C
Somebody's lying

Somebodys Crying
